Be inspired by Liz

"My confidence was way down low until I walked out of here with my new teeth.

Now my confidence is way up here!"

Happy Implant patient Liz

Do you ever feel a bit stuck?

Keen to make a change but not quite sure where or how to start?

We're completely inspired by Liz's story - one day she decided "enough was enough," so she joined Slimming World.

This prompted her to get her teeth done.

She's now delighted with what she calls - "the new me."

Before Liz had treatment with Hampshire Dentists...

Liz told us: "My life was so different - I knew I had to do something for myself. I was frightened everyday - if I was away abroad - if any of the teeth at the bottom were lose and came out - I just didn't want to be without teeth - it would have been awful."

"I certainly have no regrets"

stabilised by Dental Implants.

"Comfort is key to me. I was once told that I'm probably best known for my ability to put even the most anxious of patients at ease by my gentle, caring approach. I do my best to describe and undertake all procedures in a simple, but thorough, uncomplicated pain-free* manner. This has been at the heart of our practice ethos for the last 10 years. All our team are chosen and trained with this in mind."
